## DETAILED ACTION

### *Amendment*

1. Receipt is acknowledged of the amendment filed on January 20, 2006. In the  
5 amendment, claims 57-68 were canceled, and claims 69-76 were newly added. Currently, claims  
69-76 remain in the examination. Examiner interprets that "Please cancel Claims 57-68 with  
prejudice or disclaimer" were meant to "**without** prejudice or disclaimer."

### *Allowable Subject Matter*

10 2. Claims 69-76 are allowed.

3. The following is the Examiner's statement of reasons for allowance: the claims are  
directed at a hand-supportable digital barcode reader supporting narrow-area and wide-area  
modes. The reader is comprised of a multimode area-type image formation and detection  
15 subsystem allowing a narrow-area image capture mode and wide-area image capture mode. The  
reader is further comprised of a multi-mode LED-based illumination subsystem further  
comprising a first LED-based array and a second LED-based array, image capturing and  
buffering subsystem, a narrow-band optical filter subsystem, a multi-mode image-processing  
subsystem for processing 1D and 2D bar code and I/O subsystem, and other components. Such  
20 system is not disclosed or suggested by the cited references.

Any comments considered necessary by applicant must be submitted no later than the  
payment of the issue fee and, to avoid processing delays, should preferably accompany the issue  
fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for

Art Unit: 2876

Allowance."
